Chapter 1 by Chris Dove (chrdov)

"Goodnight, Mom," You say as your mother leaves the room. You fall asleep afterwards.

The next day, you wake up, realizing you are in an entirely different world.

"Hey... get up," a somewhat robotic voice says to you. You do as the voice tells you to. "Welcome to the world of video games. Navigate with this controller and tell me, where would you like to go?" A PS3ish controller spawns in front of you, and a menu pops up with the following choices:

Enter

Ask Me Something

Which will you choose?

Chapter 2 by Michael

"What do you mean?" you ask the voice. "What game do you wish to play?" the voice says back. "I don't know, Halo?" You say back to the voice. "You have selected 'Halo' is that correct?" asked the voice.
"That's what I said..." you say back in annoyance.
"Loading Halo..."
"Loading..."
"Loading..."
"Loaded"!
